PROFESSIONAL SUMMARY

Frontend-focused BCA graduate with hands-on experience across two web development internships and multiple independent projects spanning HTML5, CSS3, JavaScript (ES6+), and Core Java. Built and shipped responsive, user-friendly interfaces, an ATS-scoring resume tool, and a functional e-commerce UI, while collaborating effectively in remote, deadline-driven environments. Recognized as a Top Performer at the CodeX Coding Competition for strong logical reasoning and problem-solving under time constraints. Comfortable working across the stack, quick to pick up new tools, and looking to bring a builder's mindset to a frontend, full-stack, or technical support role.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+).

Programming: Core Java, Basic Data Structures & Algorithms (DSA)

Tools & Version Control: Git, GitHub, VS Code, IntelliJ IDEA

Concepts: REST API Basics, Cross-Browser Compatibility, Performance Optimization, Debugging

Soft Skills: Communication, Problem Solving, Logical Reasoning, Adaptability, Time Management, Teamwork

Languages: English (Upper Intermediate – B2), Hindi (Native – C2)

INTERNSHIP EXPERIENCE

Full Stack Development Intern

Jun 2026 – Jul 2026

CodeAlpha (Virtual) | Remote

- Completed a 1-month Full Stack Development virtual internship, building real-world web projects that combined frontend and backend concepts.
- Applied HTML, CSS, JavaScript, Git, and GitHub to develop and version-control responsive UI components.
- Collaborated with a distributed team, adapting quickly to new tools and maintaining high productivity across the internship period.
- Strengthened analytical thinking and problem-solving skills through consistent, hands-on project work.
- Student ID: CA/DF1/132132 | Issued: 11 July 2026

Web Development Intern

Apr 2026 – May 2026

CodSoft (Virtual) | Remote

- Completed a 4-week virtual internship program in Web Development, receiving positive feedback from the organization.
- Built and delivered responsive, cross-browser-compatible web pages using HTML5, CSS3, and JavaScript.
- Practiced frontend and UI development workflows, including debugging and iterative problem solving on real project tasks.
- Used Git and GitHub for version control throughout the internship.
- Certificate ID: 406e7dc | Issued: 28 May 2026

PROJECTS

AI Resume Builder with ATS Score Optimization

2025

- Developed a dynamic web-based resume builder featuring real-time preview and live editing functionality.
- Implemented an ATS-style scoring system using keyword matching to help users gauge resume-job alignment.
- Designed a fully responsive UI with HTML, CSS, and JavaScript, focused on performance and usability.

[Portfolio Website](#)

- Designed and deployed a personal portfolio site to showcase projects, resume, and contact details.
- Built a fully responsive, mobile-friendly layout with a modern UI and integrated GitHub project links.
- Added a one-click resume download feature and optimized page performance for fast load times.

[Live: arjanahmad.website](#)

E-Commerce Website

- Built a responsive shopping website with dynamic product listing and an interactive user interface.
- Implemented core JavaScript functionality for browsing and layout interactions across screen sizes.

Calculator: A lightweight JavaScript-based calculator app built to practice DOM manipulation and event handling.

EDUCATION

Bachelor of Computer Applications (BCA) <i>Shri Ramswaroop Memorial University Lucknow, UP</i>	2026
Intermediate (12th) <i>A H Inter College Amethi, UP</i>	2023
High School (10th) <i>Brightway Public School Sultanpur, UP</i>	2021

CERTIFICATIONS

- **Full Stack Development Internship** – CodeAlpha | Jun – Jul 2026 | Student ID: CA/DF1/132132
 - **Web Development Virtual Internship** – CodSoft | Apr – May 2026 | Cert ID: 406e7dc
 - **Cybersecurity Workshop – "Hack with Smile"** | SRMU VIVEKA Techfest 2k26 | February 2026
- Gained hands-on experience in system security, vulnerability analysis, and risk mitigation.*

ACCOMPLISHMENTS

- **Top Performer – CodeX Coding Competition, SRMU:** Ranked among top participants, demonstrating strong problem-solving, logical reasoning, and coding efficiency under time constraints.
